Page Review:

Page 1: Home Page

URL: Dentist in Bangladesh-Center for Advanced & Cosmetic Dentistry

Problems:

- Absence of h1 tag
- Address is not available with contact hour and contact no
- Average Navigation bar
- Irrelevant content on the home page

Solutions:

- Proper use of heading tags
- The address must be provided
- Navigation bar must be updated
- The relevant posts should be updated

Page 2: Contact Us

URL: <https://www.dentalexcellencebd.com/contact-us/>

Problems:

- The heading is not optimized
- The address is missing in some places
- No visible way to connect Facebook, Google, Youtube, Twitter
- No Visible button to make appointments
- Contact number is not localized

Solutions:

- Heading should be optimized
- The address must be possible in every visible place of contact info
- Visible button to connect Facebook, youtube, twitter must be added.
- Contact no must be localized
- Appointment button should be more visible to users

Page 3: Blog

URL: <http://blog.dentalexcellencebd.com/>

Problems:

- Posts are not categorized
- Post titles are not optimized
- No alt text for the images
- No proper visual elements like picture or videos
- The heading is not optimized for the page

Solutions:

- All the posts must be categorized
- Post titles should be optimized
- Alt text for images should be added
- More relevant images and videos should be added
- Heading tag should be optimized
